Federal Communications Commission
Washington, D.C.

In the Matter of)
Federal-State Joint Board on) CC Docket No. 96-45
Universal Service)

To: William F. Caton, Acting Secretary

MEMORANDUM OF ORAL EX PARTE PRESENTATION

Pursuant to Section 1.1206(a)(2) of the Commission's Rules, this memorandum summarizes an oral ex parte presentation in the captioned proceeding. The presentation was made to Kathleen Levitz, Deputy Chief, and Timothy A. Peterson, Common Carrier Bureau, on April 17, 1997. The presentation was made by: (a) Kenneth Whitton, Executive Vice President, and Kathy Yeager, Manager, Regulatory and Industry Relations, Lufkin-Conroe Telephone Exchange, Inc. (LCTX); and (b) Benjamin H. Dickens, Jr. of the law firm of Blooston, Mordkofsky, Jackson & Dickens, Washington, D.C., counsel for LCTX.

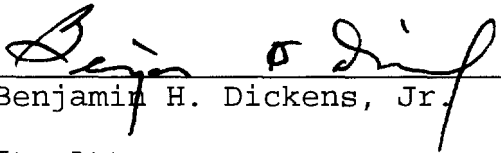

The presentation concerned universal service issues as they apply to LCTX, which is a rural telephone company. The issues are described in the enclosed Attachment which was distributed at the presentation.

No. of Copies rec'd 041
List ABCDE

Pursuant to Section 1.206(a)(2), this memorandum and one copy are being submitted to the Secretary, and copies are being delivered to Kathleen Levitz and Timothy A. Peterson.

Respectfully submitted,

LUFKIN-CONROE TELEPHONE EXCHANGE, INC.

TOTAL REVENUES (\$000)

USF FORMULA PER JOINT BOARD RECOMMENDATION

$$\frac{\text{1997 PAYMENTS}}{\text{BASED ON 1995 COSTS}} = \frac{\text{USF PER LINE}}{\text{1995 USF LOOPS}}$$

$$\text{USF SUPPORT} = \text{12/31/96 LOOPS (SINGLE LINE RES LESS 2ND LINE ESTIMATE + SINGLE LINE BUSINESS)}$$

$$\frac{\$3,596,548}{86,652} = \$41.51$$

$$\$2,253,380 = \$41.51 \times 54,291$$

\$3,654,950 1996 USF SUPPORT

\$2,253,380 PROJECTED USF SUPPORT

\$1,401,570 ANNUAL SUPPORT REDUCTION

\$40.60 ANNUAL INCREASE TO 2ND RESIDENTIAL LINES AND MULTI-LINE BUSINESS

\$3.38	MONTHLY INCREASE TO 2ND RESIDENTIAL LINES AND MULTI-LINE BUSINESS
--------	---

NO LCTX SPECIFIC INFORMATION ON NUMBER OF 2ND LINES BUT INDUSTRY STATISTICS ASSUME BETWEEN 20 AND 25 PERCENT OF THE ACCESS LINES ARE SECOND LINES.

PROBLEMS WITH EXCLUDING SECOND LINES

1. No tracking mechanism to identify where second lines are located.
2. Customers can use multiple names for service installation. Homes where a principle residence is located could be in one name and a vacation home could be in another name.
3. Vacation home and principal residence could be served by two different telephone companies.
4. Customers will subscribe to service from multiple providers to avoid paying the additional support required by this methodology.
5. Service representatives will be forced to ask probing personal questions at installation to determine whether the customer wants to install an initial or second line.

PROBLEMS WITH INCREASED SLCS ON SECOND LINES

1. A second line will first have to be identified before the increased charge can be applied.
2. No way to accurately police the application of charges.
3. Customer confusion over disparity in rates.
